

ASBESTOS 'B' CLASS LICENCE

OVERVIEW: This licence is required in Queensland for any tradesman or other worker who is required to remove 10 square metres or more of bonded asbestos material such as cement sheeting, tiles, etc and explains how to adopt the national code of practice for managing and removing asbestos and therefore minimising the exposure.

NOMINAL DURATION: 4 hours

PREREQUISITES: Minimum 18 years

COURSE CONTENT: Upon successful completion applicant will be able to:-

| | |
|---------------------------------------|-------------------------------------|
| Workplace Health & Safety Legislation | Identification of types of Asbestos |
| Managing and Removing Asbestos | Safe handling practices |
| Procedures in minimising exposure | PPE |
| Methods of disposal | Theory assessments |

ASSESSMENT AND AWARD: On successful completion of the course including a written assessment, the participant will be issued with a Statement of Attendance and receive an occupational licence through Workplace Health & Safety Queensland to perform "B" class asbestos removal work.
